PUBLISH 1950 RESULTS -- Berlin, Nachrichten fuer Aussenhandel, 27 Jan 51

1998

Scrap metal and usable waste worth 3 million zlotys was collected during the spring 1951 drive. In the entire country, the following were collected: over 3,500 tons of iron and steel scrap, 15 tons of nonferrous-metal scrap, 332 tons of rags, 421 tons of waste paper, 170 tons of bones, 500 tons of broken glass, 8 tons of scrap rubber, over 260,000 bottles, and nearly 5,000 light-bulb bases.

Katowice Wojewodztwo led in the scrap drive, collecting 1,200 tons of steel scrap, 102 tons of waste paper, and 75,000 bottles.
